ROBSON MUNIZ

React / Frontend Developer (React - TypeScript - Next.js)

Location: Portugal (open to relocate to Germany / Remote)

Email: muniz_robson@protonmail.com | Portfolio: **robsonmuniz.tech** | LinkedIn: **linkedin.com/in/robsonmuniz/**

Professional Profile

Frontend Developer specialized in building modern, scalable web interfaces with strong focus on performance, maintainability, and user experience. Experienced in component-driven development, clean architecture, and delivering production-ready projects.

Work Experience

Frontend Developer (React) - Freelance / Independent

Remote | 2021 - Present

- Developed modern UI applications with React using reusable component architecture.
- Built responsive layouts for desktop and mobile with consistent UI patterns.
- Implemented interactive UI behavior (state-driven rendering, forms, validation, UI flows).
- Improved maintainability through refactoring and scalable frontend structure.
- Deployed and maintained projects using a Git-based workflow.

Projects (Selection)

Coinverter - Currency Converter Web App │ coinverter.pt

• Built a clean responsive currency conversion UI with real-time conversion logic.

Tech: React, JavaScript/TypeScript, UI components
